

# How do you think Alvechurch parish should look in 20 years?

HOW DO WE PROTECT GREEN SPACES?

COULD WE IMPROVE THE RETAIL CENTRE?

OR IMPROVE OUR TRANSPORT SYSTEM ?

## Make sure you have your say

If you are passionate about where you live there are hundreds of reasons to get involved in planning for your Parish's future. The Neighbourhood Plan will enable you to participate in the future growth of the Parish and have an active contribution to the provision of future homes, jobs and leisure facilities. The steering group is in the process of making a draft Neighbourhood Plan and would like feedback on what you think.

With your support, our community can influence where and what types of homes if needed should be built. A good mix of properties for families, young couples, some first time affordable homes and the sort of homes suitable for elderly residents.

You can assist us in creating the right kind of amenities that are needed for the years to come: better shopping areas, transport, pedestrian access, sports youth and leisure, all the right kind of facilities so that there is less need to travel too far to find what you need.

And for businesses it means creating and protecting the best possible space so that businesses can grow and provide opportunities for local people. More jobs, more shops, more rural outlets.

## What are the local issues

- ◇Lack of affordable homes for the young and elderly
- ◇Young people leaving in search of housing and jobs
- ◇Public transport and safer roads
- ◇Protecting our Historic and natural environment
- ◇Litter, dog fouling, anti social behaviour
- ◇Lack of youth facilities
- ◇Keeping a sense of community alive

## How to be involved

It's simple. We want views from residents, landowners, businesses and developers to deliver the best possible solutions for making Alvechurch Parish the best it can possibly be, a better place to 'live, work and play'.

You can find more information on our web site or through the Parish Council office. Look out for future presentation notices and articles in the local press. We intend to hold a large presentation in the New Year where you can comment on the draft plan and its objectives. The views and opinions of all people associated with the Parish are vital to the Neighbourhood Plan making process, so please get involved. This is your chance to have a say.
