Hilda Pemberton
Pat Robinson
Pam Thorogood
Ann Thurrell
Margaret Vaughan
Ann Shingles
Undine Walker

Tom Thurrell

Adrian Smith , chairman of the steering group gave this presentation after the ladies main meeting had taken place.

This presentation was given to the members of the Hopwood WI at Hopwood Village Hall. The Neighbourhood Plan was explained to the ladies and this followed an informative question and answer session afterwards.

It was explained that questionnaire and surveys would be following throughout the parish during the year and that they would be receiving these at various events that were being planned .All seemed very keen to express their views and thought this was a very worthwhile process for the good of all in the Parish.

Members particularly hoped that the character of the Parish would not be overwhelmed by new housing developments and that the existing facilities and amenities would be able to cope with an increase in population, especially in relation to the school and medical practice.

The meeting finished at 10pm.
